Book Online @ www.rheumatology.org.uk/education

Target Audience:

Consultant Rheumatologists, SpRs, GPwSIs, Allied Health Professionals

Aims/Objectives:

This three days course will aim to help attendees familiarise themselves with how to use ultrasound machines. Demonstrating the appearance of normal tissues and the systematic approach to scanning common joints.

By the end of the course delegates will have sufficient hands-on experience at scanning common joints (hands, wrists, knees, ankles and feet) to enable them to start a musculoskeletal ultrasound service in their respective place of work.
